Technogel®  
Sleeping

# At the heart of every mattress and pillow.

Technogel® is a unique “soft-solid” material that combines the 3D deformation of a fluid and the memory shape of a solid. It is a completely non-toxic and stable polyurethane substance, oils and plasticizers free. Technogel®, initially developed for the medical field, is now used for several different applications, which benefit from its great comfort properties.

To discover the entire product range, including mattresses and pillows, visit:

- Made in Italy

# Travel Supports

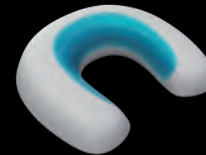

---

**Travel Pillow** 12x12x4 inches

Suggested for all type of travellers that want to experience a good night's sleep away from their own bed. Technogel Travel Pillow is the ideal companion to bring everywhere.

---

**Travel Collar** 12x10.6x3.3 inches

The Travel Collar is the ideal companion for any journey where the support of an ergonomically shaped pillow helps to relieve the stress and strain of travelling.

---

## 3D deformation

Technogel® is the unsurpassed 3-dimensional material for sleeping. Technogel® layer, combined with the memory foam base, gradually adjusts and softly adapts to each head shape.

## Pressure Relief

Thanks to its slow memory return, Technogel® is an extraordinary pressure relieving material, that helps to reduce pain and discomfort, improving blood circulation and oxygenation of skin tissues.

## Ergonomic Support

The Technogel® pillow range has been designed to grant an excellent ergonomic support, for a perfect support of the head and neck, keeping an optimum spine alignment.

## Enjoyable Cool Feeling

Technogel's good thermal conductivity favors heat dispersion, helping to lower skin temperature and offering a pleasant cool feeling.

## Textile Covers

Original protective jersey covers have been selected for their high quality and hygienic characteristics, assured by a special treatment named Sanitized®.

## Hypo-allergenic

Technogel®, its protection film (both bio-compatible under ISO 10993-5-1-10 regulations) and all the textile used (certified under rigorous Oeko Tex® standards) are hypo-allergenic and assure an hygienic surface where to rest your head.

At Technogel® Sleeping we have designed a product range that harmonizes with both your body and mattress. From this perfect system – *A match made in heaven* – a new sleeping experience is born:  
Technogel® Sleeping, Sleeping Redefined.
